

WELDER/FITTER

OVERVIEW

Lopes Limited is looking for a Welder/Fitter.

The ideal candidate has experience fitting and welding parts used in the construction of heavy industrial equipment. We are seeking an individual who is self-motivated, focuses on quality and is able to work in a team-based environment.

For over 40 years Lopes has been providing innovative solutions and quality workmanship for a wide array of projects in the industrial, mining, and commercial sectors. We've excelled in these fields and have a reputation for providing professional workmanship and superior quality. Relationships with our clients, subcontractors, and suppliers are founded on integrity and teamwork. These partnerships result in consistently delivering successful projects.

At Lopes we are also dedicated to our employee's growth and development success through training and mentorship. We believe our people are our strongest asset.

DESCRIPTION

Fitters at Lopes are responsible for fitting and repairing parts used in the construction of heavy industrial equipment while maintaining a safe, clean, and productive work environment. They lay out, cut, and fabricate structural steel, plate and different ferrous and non-ferrous metals based on the product specifications.

FUNCTIONS/RESPONSIBILITIES

- Lay out, position, align, and secure parts and assemblies prior to assembly, using straightedges, combination squares, callipers, and rulers from supplied Blueprints or instruction.
- Ensure control of final assembled product in order to maintain specified standards and quality (i.e., dimensional checks, checks items for gouges, notches, or any other damage)
- Troubleshoot
- Perform fitting tasks in a timely manner
- Identify and use appropriate welding standards, specifications and techniques to the appropriate job
- Ensures high level of cleanliness and organization in their working stations/areas

- Position and secure work pieces, using hoists, cranes, wire, and banding machines or hand tools
- Mindset geared towards safety (i.e., equipment safety verification, use of PPE, etc.)
- Structural shop - Production of heavy structural steel beams and columns. Layout of all industrial handrail, ladders, and platforms
- Mechanical shop - Layout and sound understanding of cones, hoppers and all related plate work
- Other duties and tasks as required by supervisor

QUALIFICATIONS

- Completed trade schooling or demonstrated equivalent general industrial aptitude
- 2+ years hands-on trades experience in fitting required
- Ability to work productively independently and in a team environment
- Ability to read and interpret blueprints and job drawings
- Flexible, self-motivated and driven to achieve customer satisfaction goals and targets
- Basic computer literacy for completion of applicable documentation and training
- Ability to communicate and read in English
- Excellent attention to detail and accuracy

PHYSICAL REQUIREMENTS

The physical and mental demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- The employee will be required to remember and understand certain instructions, guidelines or other information. The employee must be able to see and verbally communicate. Specific vision abilities required by this job include close vision, distance vision, peripheral vision, depth perception and the ability to adjust focus.
- While performing the duties of this job, the employee will be required to move frequently, stand up and walk for extended period of time and sit. The employee is frequently required to use hands to touch, handle, and feel, and to reach with hands and arms. The employee must be able to regularly lift and/or move up to 50lbs/23kg and occasionally lift and/or move up to 100lbs/45kg.

Please note that applicants must be legally entitled to work in Canada.

Lopes is committed to hire the most qualified individuals for each position based on experience and merit. Accommodation will be extended throughout the hiring process, as required and upon request.

We thank all applicants for their interest, however, only those selected for further consideration will be contacted.
