

## Industrial Painter - Industrial Paint Shop

### OVERVIEW

Lopes Limited is looking for an **Industrial Painter** for our Industrial Paint Shop.

The ideal candidate is someone with versatile experience in the industrial fabrication painting. We are seeking an individual who is self-motivated, committed, and able to work in a team-based environment. Please note that this position reports to the Fabrication Shop Foreman.

For over 40 years Lopes has been providing innovative solutions and quality workmanship for a wide array of projects in the industrial, mining, and commercial sectors. We've excelled in these fields and have a reputation for providing professional workmanship and superior quality. Relationships with our clients, subcontractors, and suppliers are founded on integrity and teamwork. These partnerships result in consistently delivering successful projects.

At Lopes we are also dedicated to our employee's growth and development success through training and mentorship. We believe our people are our strongest asset.

### DESCRIPTION

An Industrial Painter at our **Lopes Industrial Paint Shop** is responsible for supporting the painting operations.

### FUNCTIONS/RESPONSIBILITIES

- Blasting and coating fabricated steel components.
- Perform a variety of painting duties such as high steel, sand blasting and preparation.
- Knowledge of all types of Industrial Paint such as; Alkyd, Enamel, Polyurethane, Epoxies, Endura and Zinc.
- Uses a high-pressure airless sprayer.
- Knowledge of methods and techniques related to painting, safe use, storage and disposal of paint and cleaning products.

- Mix and thin paint or other coating to specified consistency according to standards formulas, using mixing equipment.
- Mask and cover surfaces not to be painted.
- Knowledge of Wet and Dry Mill Gauge using microns and mils.
- Knowledge of Replica Tape to determine the sandblast profile.
- Successfully paint fabricated steel packages with minimum runs and sags.
- Ensure high level of cleanliness for areas of accountability.
- NACE or SSPC training is an asset.
- Other duties and tasks as required by supervisor.

## **JOB REQUIREMENTS**

- 3+ years of industrial painting experience, required.
- Experience in safely using/handling hand and/or power tools, required.
- Hands-on inclined.
- Ability to work productively independently and in a team environment.
- Flexible, self-motivated and driven to achieve deadlines.
- Ability to communicate and read in English.
- Excellent attention to detail and accuracy.

## **PHYSICAL REQUIREMENTS**

The physical and mental demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

The employee will be required to remember and understand certain instructions, guidelines, or other information. The employee must be able to see and verbally communicate. Specific vision abilities required by this job include close vision, distance vision, peripheral vision, depth perception and the ability to adjust focus.

While performing the duties of this job, the employee will be required to move frequently, stand up and walk for extended period and sit. The employee is frequently required to use hands to touch, handle, and feel, and to reach with hands and arms. The employee must be able to regularly lift and/or move up to 50lbs/23kg and occasionally lift and/or move up to 100lbs/45kg.

---

Please note that applicants must be legally entitled to work in Canada.

Lopes is committed to hire the most qualified individuals for each position based on experience and merit. Accommodation will be extended throughout the hiring process, as required and upon request.

We thank all applicants for their interest, however, only those selected for further consideration will be contacted.

This position will be posted until the proper candidate is found.
